

Physician's Prescription for Rheumatism

Business and professional men of large means who have taken expensive baths at famous resorts and have spent money lavishly to rid themselves of the tormenting agony of rheumatism have turned to Rheuma and got well.

When Rheuma goes in, poisonous secretions go out. No opiates or narcotics are used. Rheuma drives out the cause of rheumatism and speedily brings comfort and health, and most druggists will admit it.

Two bottles of Rheuma will cost you a dollar of the Red Cross Pharmacy or any druggist, and if this purchase does not bring you the freedom from pain and misery you expected, your money is waiting for you.—Adv.

Cured of Worms

Familiar signs of worms in children are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional griping and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red spots.

Trade Mark: sticking out on tongue, starting during sleep, loss of sleep, if your child shows any of these symptoms, start using Dr. True's Elixir, the Family Laxative and Worm Expeller, at once.

"My little son is gaining every day, and I think more of Dr. True's Elixir than all other such medicines put together," writes Mrs. Ida Gurnon of Manchester, N. H.

At your druggist's, 35c, 50c and \$1.00. Ad.

I have Just Returned from the West with

28 Fresh Horses

a fine lot, heavy and medium weights,

some nice pairs and plenty of good single

horses; can suit you with almost any

kind of a team that you want, and it's a

good time to buy, as they are increasing

the prices all over the country. I have

several good serviceable second-hand

horses of my own and will have from

30 to 50 Commission Horses

all kinds; you are sure to find something

that will suit you for any place—farm,

road, work, delivery and family. We usually

have sleds, sleighs, new and second-

hand; single and double work and drive

harnesses, plenty of robes, street and stable

blankets, genuine rawhide whips, and

halters. We are expecting some more

cows for this sale. We have had one

good sale this month, and, to all appearances

now, this will be a better one. Bring in your

horses, cattle, hogs or

other property you have to dispose of,

and let us get you the cash for them, and

if you wish to buy this is a good time to

be planning on your spring teaming.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Miss Genivieve, 17-year-old daughter of Mr. and Mrs. Frank Tucker of Vergennes, lost the use of three fingers by their being badly mangled on a circular saw last Friday.

Two dormitories will be erected at the school for feeble-minded children in Brandon the coming summer. Each will be planned to house 70 inmates. They will cost in the vicinity of \$30,000.

A young horse belonging to Ned Sparks of Leicester ran away Sunday, traveling down the railroad track ahead of a passenger train, going four miles before the train overtook it and killed it.

Verne Edward Main, two-year-old son of Mr. and Mrs. Chester Merriman of Lowell, died Sunday as the result of burns received the day before when his clothing was accidentally set on fire.

The Ludlow railway station, which was badly damaged by fire a few weeks ago, has been practically rebuilt and will be opened to the public in a few days. Extensive repairs have been made in the interior and the style of the building has been altered to meet present-day requirements.

W. Leonard Bonney, the aviator who flew at the Rutland fair in 1913, and who has been in charge of Gen. Carranza's aviation forces in Mexico, will have charge of a squad of trained aviators to be concentrated immediately for possible service with the United States troops in Mexico. This announcement was made yesterday by the Aero Club of America. The club has offered its aid to the government in providing machines and aviators, Secretary of War Baker replying that the offer would be accepted if occasion arises.

SAVES FOREST DANGER

And Prevention Reduces Cost of Fighting Fire.

The system of forest fire prevention in use in Vermont has now been given sufficient trial to demonstrate its efficiency, and the results are most encouraging.

although there is, of course, room for improvement. Not only has a smaller percentage of Vermont's forest area been burned over during the past few years than in adjoining states, but the expense of fire fighting has been relatively less.

The law provides that the expense of fighting forest fires is borne by the town in which it occurs, but if in any one year this expense exceeds 5 per cent of the grand list the balance is paid by the state. In the unorganized towns the state bears the whole expense, since the taxes come to the state. In the year 1908, before the establishment of the forestry department of the state of Vermont spent \$9,039.32 in this way. During the seven years since the establishment of the department the total cost for this work has been \$5,565.15 or an average of \$795 a year. There have been, in this period, one or two years as dry as 1908, when the fire danger was just as great. The difference in expense has been largely due to the perfecting of the organization, the appointment of efficient fire wardens who have put out fires at less expense, and have kept careful watch of the hills. It is also due to the system of fire lookout stations and patrols, which has been established in the past few years, it being the policy of the department to spend an ounce for prevention rather than a pound for cure. Assistance in this work has been received from the federal government on consideration of the state's spending

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

from its forestry appropriation about \$2,000 a year.

If the reduced damage through fire is added to the amount saved in fire fighting it leaves little doubt as to the relative value of fire prevention and fire fighting.

The plans for the coming year involve the employment of about seven lookout watchmen on the prominent mountains of the state, and seven patrolmen in other dangerous localities. This system has now been in use so long that experienced men are obtainable at very moderate wages. A few of the patrolmen are employed on the Long Trail of the Green Mountain club, which passes through some of the best forest sections of the state.
